

Esmerelda

By: Kiara Little

I created the story Esmerelda by first logging into story bird. I first went through the pictures and thought that the deer pictures were beautiful.

So, I clicked “use artwork” and stated out on my story. I wanted to incorporate a story with adventure, romance, witchcraft, and nature.

Then I wanted to come up with a creepy witch name. The first name that appeared in my mind was “Esmerelda”. I then got to work on my story’s theme, characters, and the plot. In the space bellow, you will see the following.

Theme: “Love always gets the best of you”

Characters: Esmerelda, the Wizard, Mouter Nature, Tyler, and Cumberland

Plots: Cumberland Gap, Wild West, Ocean

After this step, I just typed up my story and published it.
