Dear Citizens of Bath County:

I am writing to express my sincere gratitude to you, the citizens of Bath County, a host of partners and partner agencies too numerous to name, and the more than 300 employees who have educated our students over the 9 years that I have been here in Bath County. I have been so fortunate to have had the opportunity to serve this county as your school superintendent and be a part of such a great school district.

For some time, Jan and I have been discussing the timing of the end of my term in education, and now being blessed with our second grandchild, we feel the time is right. It seems fitting to formalize those plans now with notice of my retirement date of June 30, 2021.

When I reflect over the last 38 years of my life in education, many moments come to mind. I picture events that will forever be emblematic of the teaching, coaching, importance, and pure privilege of educating the children in Bath County. Among the most rewarding experiences were the opportunities to be in the schools with the students and watching and listening to them; coming up with innovative ideas, strategies to move the school forward, to see so much rigor in the classroom to be the best they can be, and with the community and school family always striving to make sure our students were the safest, healthiest, smartest, work-ready, career-ready, and college-ready students in the state of Kentucky.

No Superintendent can provide safety, security, and robust education without a team effort from all the teachers, teacher aides, bus drivers, cooks, janitors, maintenance, clerical, principals, assistant principals, counselors, school resource officers, administrators, directors, parents, grandparents, extended family, board of education team, and all of our community stakeholders. I have been fortunate to have a GREAT team surrounding me for my tenure here in Bath County.

I will forever hold Bath County dear to my heart.

Sincerely,

A handwritten signature in black ink that reads "Harvey Tackett".
